

POLICY IMPLEMENTATION

The policies developed by the Board and the administrative regulations developed to implement policy are designed to increase the probability of an effective and efficient school district. Consequently, it is assumed that all Board employees and students will willingly carry them out. In an attempt to ensure equitable and just treatment of all, suggestions for changes in, revisions of or additions to existing policies and regulations are welcomed from employees and students.

Persons in supervisory positions are responsible for informing subordinates of existing policies and regulations and for seeing that they are implemented in the spirit intended. Continuous disregard for compliance with Board policy and administrative regulation on the part of an employee may be interpreted as willful neglect of duty and may constitute grounds for dismissal.
