GRADING SYSTEM

Each letter grade is given the following numerical value please see the following tables:

Table 1 – Grade Point Equivalents and Ranges

A	=	4.00	B	=	3.00	C	=	2.00	D	=	1.00
A-	=	3.60	B-	=	2.60	C-	=	1.60	D-	=	0.60
B+	=	3.40	C+	=	2.40	D+	=	1.40	F	=	0.00

Table 2 – Grade and Percentile Equivalents

A	=	92 – 100%	B	=	82 – 87%	C	=	72 – 77%	D	=	62 – 67%
A-	=	90 – 91%	B-	=	80 – 81%	C-	=	70 – 71%	D-	=	60 – 61%
B+	=	88 – 89%	C+	=	78 – 79%	D+	=	68 – 69%	F	=	0 – 59%

Table 3 – Advanced Placement (AP) Courses Only

A	=	5.00	B	=	4.00	C	=	3.00	D	=	1.00
A-	=	4.60	B-	=	3.60	C-	=	2.60	D-	=	0.60
B+	=	4.40	C+	=	3.40	D+	=	1.40	F	=	0.00

To compute your grade point average, take the sum of the numerical values of the letter grades and divide this total by the number of courses taken.

QUARTER, EXAM, AND SEMESTER GRADES

Quarter Grades – Come out once every 9-week grading period. They do not show up individually on permanent transcripts, but rather are used to compute the semester grade and determine honor roll. Each quarter percentage is worth 40% of the semester grade.

Exam Grades – Exams or final projects are given in all classes at the end of each semester. Exams are comprehensive, covering the learning expected over the entire 18-week grading period. Exam grades do not show up individually on permanent transcripts, but rather are used to compute the semester grade. An exam percentage is 20% of the semester grade.

Semester Grades – These are the grades that are used to determine cumulative grade point average, rank in class, post-high school education acceptance, etc. It is the semester grade that determines whether you pass a course; earn credit, graduate, or whether or not a student must repeat a course. The semester grade is the grade that is on the student's permanent transcripts.

1. The Semester I final grade is made up of combining the quarter I grade, quarter II grade, and the final exam grade.

2. Student must pass 2 out of the 3 of the following in order to pass and receive credit for the course, per school board policy AG5421A: Example Q1, Q2, and /or Sem./Final EXAM.
3. Quarter 1 is worth 40% of the percentage earned for the Quarter.
4. Quarter 2 is worth 40% of the percentage earned for the Quarter.
5. Final Exam is worth 20% of the Semester I grade.
6. Here is a sample calculation. Student George earned 73% for quarter 1. He earned an 87% for quarter 2. He earned a 65% on his final exam.
 - a. $.73 \times 0.40 = 0.292$
 - b. $.87 \times 0.40 = 0.348$
 - c. $.65 \times 0.20 = 0.130$
 - d. $0.77 = 77\% = C$ for the semester grade

MONITORING ACADEMIC PROGRESS

1. STUDENT PROGRESS

Can be checked online by parents and students using PowerSchool and Schoology. Parents and students will be mailed an online user access username and password.

2. REPORT CARDS

- a. Electronic Report cards will be sent via E-mail at the end of each quarter.

3. INCOMPLETE GRADES

Incomplete grades may be changed and updated at the end of the second week of the next grading period if work is not made up.

4. GPA AND CLASS RANK

- a. GPA - To compute your cumulative grade point average, take the sum of the numerical values of the letter grades and divide by the number of courses taken. Honor graduates will be determined by GPA.
- b. Class Rank - In the interest of encouraging and recognizing outstanding academic achievement, a number of honor students will be selected from each high school graduating class. Honor graduate status will be determined by accumulated grade points. Class rank shall be determined by cumulative Grade Point Average (GPA).

ACADEMIC RECOGNITION

1. HONOR ROLL

Student must earn a 3.0 or greater for their quarter GPA.

2. HIGH HONORS

Student must earn a 3.50 or greater for their quarter GPA.

3. ACADEMIC AWARDS OR HONORS

Academic awards are based on semester grades.

A semester GPA of 3.00 to 3.49 equals "1" point. A semester GPA of 3.50 and up equals "2" points.

- a. A total of 6 points earns a letter
- b. A total of 9 points earns a medal
- c. A total of 12 points earns a plaque with the student's name and years at JHS

4. NATIONAL HONOR SOCIETY

The National Honor Society chapter of Jefferson High School is a duly chartered and affiliated chapter of this prestigious national organization. Membership is open to those students who meet the required standards in

four areas of evaluation: **scholarship, leadership, service, and character**. Standards for selection are established by the national office of NHS and have been adopted to meet our local chapter's needs. Students are selected to be members by a 5-member Faculty Council, appointed by the principal, which bestows this honor upon qualified students on behalf of the faculty of our school each fall. Students in the 10th, 11th, or 12th grades are eligible for membership. For the scholarship criterion, a student must have a cumulative GPA of 3.25 or better on a 4.0 scale.

Those students who meet this criterion are invited to complete a Student Activity Information Form on the Jefferson High School application site. This information provides the Faculty Council with the necessary information regarding the candidate's leadership and service. A history of leadership experiences and participation in school or community service is also required.

In order to evaluate a candidate's character, the Faculty Council uses two forms of input. First, school disciplinary records are reviewed. Second, all members of the faculty are solicited for input regarding their professional reflections on a candidate's service activities, character, and leadership. These forms and the Student Activity Information Forms are carefully reviewed by the Faculty Council to determine membership. A majority vote of the Council is necessary for selection. Candidates are notified regarding selection or non-selection according to a predetermined schedule.

Following notification, a formal induction ceremony is held at the school to recognize all the newly selected and returning members. Once inducted, new members are required to maintain the same level of performance (or better) in all four criteria that led to their selection. This obligation includes regular attendance at chapter meetings and participation in the chapter service projects(s).

5. **SCHOLARSHIPS**

JHS is fortunate to have many organizations sponsor numerous scholarships opportunities. All academic scholarships, including the Academic Excellence Scholarship, are based on the cumulative GPA of the first seven semesters. Cumulative GPA is based on semester grades earned.

6. **OTHER**

a. **TRANSFER STUDENTS**

Transferring students must be enrolled for a minimum of 2 semesters before eligibility for an academic letter is calculated. At that point, the student's complete high school transcript will be reviewed.

b. **EARLY GRADUATION POLICY**

Students who have met graduation requirements per board policy 5464 and guidelines may apply for early graduation. Students who wish to graduate early must contact their school counselor by the specified dates per board policy to submit their application for early graduation.

c. **STUDENT RECORDS**

Four types of cumulative records exist on Jefferson High School students:

- i. Progress records
- ii. Behavioral records
- iii. General Health records.
- iv. Patient health care records

The school houses behavioral records for 1 year following the graduation of each student. Progress records are kept indefinitely.

ATTENDANCE POLICY 5200

I. **ATTENDANCE**

EVERY DAY AND ON TIME!

Good student attendance and punctuality is an expectation and reflects a high degree of self-discipline and responsibility. Cooperation is encouraged on the part of the students and their parents. Attendance is one of the key factors in maintaining and improving achievement levels in all subjects and maintaining quality student/teacher contact. Every absence tends to decrease the efficiency of this total school process. The State of Wisconsin Compulsory School Attendance Law requires students to be in attendance until age 18 unless they have graduated. For the above reasons, Jefferson High School encourages all concerned groups in the district to share the responsibility of promoting good attendance. Each student and his/her parent/guardian and school personnel share the responsibility for student attendance to:

- a. Ensure that an effective educational program can be carried out.
- b. Encourage good attendance.
- c. Keep the lines of communication between parents and school open.
- d. Involve all of those who have responsibility for student attendance – students, parents, and staff.
- e. Inform students and parents that classroom activities cannot be duplicated and students (may not receive) (cannot expect) equal instruction for make-up work.

II. ATTENDANCE

Parents must call the attendance office at **(920) 675-1115** to excuse their student from school.

- Please call prior to 9:00 a.m. on the day of the absence/appointment.
- Please report all absences and/or requests to leave the building during the school day to the attendance office only.
- Examples of absences are: illness, appointments, college visits, etc.
- A voice mail service is available for calls prior to 7:30 a.m. and after 4 p.m. and is checked continuously throughout the school day.
- Please include the following:
 1. Your Name - Student's Name
 2. The date(s) absent
 3. The reason for the absence
 4. Please provide the time your student needs to be excused if leaving early.

THE 10 DAY RULE

(Wis. Stat. sec. 118.15 (3) (c). A child may not be excused for more than 10 days in a school year under this provision.) Any student accumulating 10 or more absences per year or its equivalent of 80 class periods will have their attendance pattern examined by administration and counseling. Once a student reaches 10 or more days of missed school, a letter may be sent home giving notice as to the number of school days missed. The student may be required to have a written note from a licensed medical professional or clergy person in order to be excused. We do not count college visits (3 per school year), religious holidays, and/or legal appointments in the 10-day count. All other absences will be counted against the student's attendance record. Please contact the attendance office with any questions about the 10-day rule.

SENIOR ATTENDANCE

Regular attendance is an important factor in school success. The activities and learning that occur during a class period are not easily made up since the experiences cannot be duplicated. Therefore, it is important that absences be kept to a minimum. State law dictates that a student must attend school until the end of the semester in which s/he reaches 18 years of age. **Seniors must be in attendance 90% of the time Semesters I & II to participate in commencement.** The following absences will not be counted towards the requirement for participation in the commencement ceremony. School activities, family emergencies communicated to the attendance officer, medically excused illnesses or conditions, pre-approved and documented post-secondary school visits, pre-approved family trips that cannot be scheduled at any other time, and funerals.

ATTENDANCE DURING SCHOOL EVENTS

For student Co-Curricular Participation and eligibility please refer to the Student Co-Curricular Handbook included after the Student Handbook.

Attending school-sponsored activities: If a student is truant from school during any part of a school day, he/she may not participate in or attend any after-school programs. If a student misses any part of the school day for the reasons listed below, he/she may NOT PARTICIPATE OR ATTEND any after-school programs unless otherwise approved by administration. Those reasons are: illness, in-school/out-of-school suspensions, truancy, parent-excused (no reason for absence given), injury, or any student past 10 days of missed school without a medical excuse provided. Administration will make an exception for students who are attending state high school tournaments **in support of their sport**. We ask that you not excuse your student more than twice a year for tournament spectator participation. We will not include these two days in your student's ten-day totals.

ABSENCE RESPONSIBILITIES

1. The school provides the opportunity for the student to make up academic work missed during an excused absence but not an unexcused absence.
2. The attendance of all students is monitored on a period-by-period basis. Parent/Guardian shall be notified when a student is absent for an unknown or unexcused reason. Notification will be made by phone, email, or in person.
3. The associate principal may request a personal parent/guardian conference regarding a student's truancy.
4. During periods of out-of-school suspension, the following procedures for the make-up of coursework shall apply:
 - a. The student is responsible to collect coursework missed from the teacher. The work should be completed the day the student returns to school.
 - b. Exams and major projects missed during the suspension shall be allowed to be made up.

THE SCHOOL STAFF

1. Teachers will provide the opportunity for make-up of academic assignments and evaluation for excused, but may not for truant, absences. Make-up assignments, quizzes, and tests need not be done during regularly scheduled classroom time if the teacher believes providing make-up assignments then would adversely affect the academic progress of other students.
2. Teachers will inform the office of any student that reaches 7, 8, 9, and 10 absences (excused or unexcused) from their class.
3. Parents will be notified in writing, by phone, or in-person of poor attendance via the office and/or administration.
4. The administration will contact the students to discuss their poor attendance and consequences if they approach 10 absences.
5. If the student reaches 10 absences in a semester from any one class, the teacher will contact the parents through the administration, and school counselors may put into effect a schedule change upon request by administration.

THE STUDENT

1. Students are required to attend all their scheduled classes, homerooms, assemblies, enrichment time, and study halls unless excused by administration.
2. Students should notify classroom teachers in advance of planned excused absences to arrange make-up of academic assignments.
3. Students should contact teachers for make-up work.

THE PARENT/GUARDIAN

1. The parent will contact the school before 9:00 a.m. on the day of the absence.

2. In medical or religious situations, written documentation from the medical or religious agency must be provided on the day the student returns from the absence. Absences not supported by such written documentation within two (2) school days of the student's return shall not be counted as medical or religious.
3. Parent will contact the associate principal or principal to discuss any unusual and/or extenuating circumstances which might exist.
4. Absences not reported within 24 hours of the student's return will be counted as unexcused/truant.

MAKE-UP WORK

Students who are absent from school for any reason will be required to make up all work missed in each class. This work should take approximately the same time as the time missed from each class. For excused absences, students will be given the number of days absent plus one to turn their work in. Students truant from school may not be given the opportunity (teacher discretion) to earn credit for work missed. Truant students will be allowed to make up tests, exams, or projects. Only in unique cases of extended absences will more time be granted for completion of work missed. It is the student's responsibility to obtain all make-up work from every teacher immediately upon return to school. Failure to obtain make-up work is no excuse for not doing work missed.

PRE-ARRANGED ABSENCES

(Wis. Stat. sec. 118.15 (3) (c). A child may not be excused for more than 10 days in a school year under this provision.) Parents/Guardians are expected to call the attendance office at least one day prior to prearranged absences. Parents/Guardians may excuse their student for up to 10 dates per school year. These may include family vacations, medical appointments, or any absence known ahead of time.

PROCEDURE FOR LEAVING SCHOOL

Students must have permission from a parent before they leave school. Students are never to leave school without first obtaining permission from the attendance office and signing out, no matter what the reason. If the attendance office is closed, students must go to the main office for permission to leave. **Students who fail to follow this policy will be considered truant.**

Students contacting parents to leave the building during class, without first coming to the attendance office, will not be retrieved from class. This is a disruption to the learning environment. Students must come to the attendance office if they wish to leave the building.

Tardiness

On time every day and every class

It is very important to be on time for all classes including study hall. Tardiness to class or I/E is a distraction to the learning environment of every student. Students not in their homeroom/IE or in class when the late bell rings are considered tardy. Students who arrive ~~to~~ at school greater than 10 minutes late will be considered truant and will need to be excused by a parent. All students who are tardy or late to school must report to the attendance.

Students shall be notified that the fourth tardy to school shall result in a Saturday (JHS Only) School detention assignment.

Tardiness Procedure:

When a student is late to the start of the school day, or to his or her assigned class, the student will first report to the attendance office. The student will need to present their ID which will be scanned into our Raptor system for tardy tracking and be assigned the following consequence:

Consequences for each quarter:

- #1 Warning
- #2 Lunch Detention (assigned by office)
- #3 Two Lunch Detentions (assigned by office)

#4 Referral to administration (Consequences may include: ISS, Community service, and/or Saturday school detention).

*Tardy counts start over at the start of each quarter.

The following may be considered unexcused tardies:

Dropping off younger siblings, oversleeping, car problems, weather, and/or bad roads. (We expect the student to adjust their home departure time to account for weather-related road conditions and/or construction). We understand an occasional morning emergency that may cause a slight delay in arriving at school on time; however, we will only excuse one time (without consequence) per quarter for the reasons listed above.

TRUANCY, HABITUAL TRUANCY, AND CONSEQUENCES

1. **Truancy** is defined as any student absence from all or part of any school day in which the student's absence is not covered under the State of Wisconsin's legal definition

Truancy may result in:

- a. Detention (s)
- b. Community Service
- c. Saturday School
- d. Municipal citation

2. **Habitual Truancy** per Wisconsin Statutes, and school board policy, a habitual truant is any student who earns five (5) truancies in any one semester of the school year. At the point of habitual truant status, a meeting will be set up with the Social Worker to discuss student attendance, graduation status, etc. He/she will be referred to the municipal or county court for further action.

SCHOOL COUNSELING SERVICES

School Counseling Services at Jefferson High School center on a developmental perspective of student growth and achievement. The goal of the developmental guidance curriculum is to enhance student learning through the 3 broad and interrelated domains of personal/social growth, academic achievement, and career exploration and development. Developmental guidance is designed for all students, involves trained counselors providing specialized services, involves all school staff, and is integrated into the total education process. The methods to which the services are provided include, but are not limited to, individual counseling, group counseling, and classroom guidance activities.

PERSONAL/SOCIAL GROWTH

It is the fundamental belief of the counseling department that academic achievement is directly affected by the self-esteem, social relationships, and behavioral choices of our students. Therefore, the counseling department functions from a proactive, preventative, and holistic perspective when dealing with students. In addition to individual counseling with students and families, programs such as Student Assistance Groups/Workshops aid in developing mature social skills and enhancing self-awareness.

ACADEMIC ACHIEVEMENT

Our counseling department works with students in the process of course selection and post-secondary planning. Grade reports, progress reports, standardized testing, and teacher feedback provide data to help the counselors in working with the individual needs of the student. Throughout the year, the counselors meet with students and tailor activities that promote and develop effective study skills, conflict resolution strategies, and personal responsibility.

CAREER EXPLORATION/DEVELOPMENT

Through the acquisition of developmental skills and information, students will gain self-awareness. It is a primary function of the counseling department to work with students in developing these skills to aid in the process of career selection and life options. Information regarding colleges, technical schools, military opportunities, youth apprenticeships, etc. is disseminated to students via announcements, school activities, and individual counseling appointments.

IMMUNIZATIONS

According to State Law, all students entering a school in Wisconsin must be immunized against the following communicable diseases: diphtheria, Hepatitis B, tetanus, pertussis, polio, measles, rubella, mumps, and varicella. The following are minimum immunization guidelines for each age/grade level. Additional boosters for some of the vaccines may be medically recommended.

STUDENT IMMUNIZATION LAW GRADE REQUIREMENTS

Age/Grade	Number of Doses
Grades 9 through 12	4 DTP/DTaP/DT/Td 1 Tdap 4 Polio 3 Hep B 2MMR 2Var

1. D=diphtheria, T=tetanus, P=pertussis vaccine. DTaP/DTP/DT/Td vaccine for all students Pre-K through 12: Four doses are required. However, if a student received the 3rd dose after the 4th birthday, further doses are not required. Note: a dose four days or less before the 4th birthday is also acceptable.
2. Tdap is an adolescent tetanus, diphtheria, and acellular pertussis vaccine. If your child received a dose of tetanus or diphtheria containing vaccine such as Td within the past 5 years, Tdap is not required.
3. Polio vaccine for students entering grades Kindergarten through 12: Four doses are required. However, if a student received the 3rd dose after the 4th birthday, further doses are not required. Note: a dose four days or less before the 4th birthday is also acceptable.

LIBRARY MEDIA AND INFORMATION TECHNOLOGY CENTER

LIBRARY-Students may visit the Library from study hall, from a class with a pass, or as part of a class group. All students who come to the LMC must sign in at the circulation desk. The LMC is for studying, research, and quiet reading. Appropriate behavior is expected. Students who misuse or disrupt the functions of the LMC will lose their privileges to come to the facility.

1. The facility has computers, online resources, books, DVDs, printer, and copy machines that may be used by students for academic assignments.
2. Students will come to the library for Chromebook issues and repairs, including limited loaner Chromebooks. Please remember that it is your responsibility to return library materials on time so other students may use them. Removal of the LMC's materials or equipment without proper checkout will be considered theft. Vandalism of furniture, materials or equipment will also be dealt with accordingly.
3. The LMC hours are as follows: Monday - Friday 7:30 a.m. - 3:20 p.m.

DRILLS, AND EMERGENCY WEATHER RELATED ISSUES

FIRE DRILLS

Fire drills are required routinely throughout the school year. When the fire alarm sounds, walk quietly and briskly, in single file, out the designated exit and away from the building. Do not reenter the building until directed to do so by a staff member. Regard a fire drill seriously; any fire alarm signal could be a warning of an actual fire.

SEVERE WEATHER EMERGENCIES AND SCHOOL CLOSINGS

When school is closed or delayed due to inclement weather or an emergency, the following notifications will be provided:

- Rapid notification service to include an email and voicemail to parents, students and staff.
- Posting of information on the district's website.
- Posting of information on Facebook.
- **Broadcasting of information on the following stations:** WFAW-Fort Atkinson (940 AM and 107.3 FM), WTMJ 620 AM/Channel 4 Milwaukee WISC-TV (Channel 3) and WMTV Channel 15 Madison.

Severe weather emergency procedures are published yearly. In the event of severe weather, students will be directed to take cover in the nearest weather emergency shelter. Students are to cooperate with teacher directives in order to ensure safety of all persons.

STUDENT NUTRITION SERVICES

Jefferson High School offers several nutritional breakfast and lunch choices on all school days as well as a la carte items. High school students may purchase food using the computerized lunch account system or cash. Prices are set annually by the board of education.

COMPUTERIZED LUNCH ACCOUNT SYSTEM

Jefferson School District uses a computerized lunch account system for both breakfast and lunch. Food payments are entered into an individual student account and food items are subtracted when the student(s) goes through the meal line. Food payments are accepted at the high school, preferably before 8 a.m. on any school day. All payments must be in an envelope with the following information visible: student's name(s), and amount to be deposited. **Please note:** You may write one check for all students attending the SDOJ, but you must designate on the envelope how much money is to be applied to each student account. If this information is missing, the deposit will be equally divided between students listed on the envelope.

The online meal payment option, www.myschoolbucks.com is available. This allows parents to put money into meal accounts using the internet through the school website using key links under "Nutrition and Fitness." Payments can be set up on a weekly, bi-weekly, or monthly schedule.

High school students are responsible to check their food account balance as they go through the food line. If money is not deposited prior to the balance going below \$0.00, the student will not be able to purchase a la carte food items using the student lunch account. Cash purchases are accepted.

As always, any parent/guardian who feels the financial condition of their family is such that they are unable to pay for the cost of the meals—it is recommended to make an application for free or reduced priced meals in accordance with federal regulations.

Parents/guardians may request a family meal account statement listing payments and purchases by calling the Director of Student Nutrition at (920) 675-1035. Printout requests must be received before the year-end rollover on June 15th. Parents/guardians are responsible for negative meal account balances resulting from computer "down time" when cashiers do not have access to student account information.

Weekly, negative balance notices will be called to parents/guardians. Meal account policy states an account negative more than -\$10.00 will receive an alternate meal for two days OR purchase a meal with cash.

Seniors will be issued a refund check at the end of the school year. Senior students with negative meal account balances will be responsible to pay the balance before participating in the graduation ceremony.

Questions, comments, and concerns about the district meal program should be directed to: Kevin Dresdow Director of Student Nutrition, Jefferson High School, 700 W. Milwaukee St.; Jefferson, WI 53549 (920) 675-1035.

SCHOOL RULES

Unless under the direct supervision of an advisor, coach, or teacher, students are expected to leave the building and grounds within 15 minutes of dismissal time at the end of the day. Continued refusal to do so may result in a loitering citation.

ANNOUNCEMENTS

Announcements should be delivered to the office by 7:35 a.m. of the day you want the announcement to be read. (Your teacher or advisor can also e-mail announcements). Be sure announcements are written clearly and in a way

that will be easily understood. When announcements are read, students should remain silent and listen carefully. Announcements will also be broadcast via monitors in the commons and upper deck each day.

ANTISOCIAL/CRIMINAL STUDENT ACTIVITIES

The district recognizes that antisocial or criminal acts by individual students or groups of students interfere with the mission of the school district. It is expected that you will clean your eating area before leaving. Mature behavior is expected at all times while in the cafeteria. Students are not allowed to leave the commons back to the academic wing unless a pass is provided.

ACADEMIC DISHONESTY

CHEATING

Cheating is the deliberate successful or attempted use of unauthorized materials, information, technology, study aides, or group work on assignments, projects, tests, or other academic exercises. A violation occurs when one represents or attempts to represent oneself as another in the taking of a test, quiz, and/or preparation of an assignment, or when anything that has been or will be graded, either given verbally or written, is passed along from student(s) to other students. ALL students involved are in violation.

Examples include, but are not limited to, the following:

- Creating and distributing copies of one's work so that credit may be dishonestly claimed by others.
- Giving or receiving unauthorized assistance on something that is for a grad.

- Using technology inappropriately (i.e. pre-programmed calculators, smartphones, mp3 players, cameras).

PLAGIARISM

Plagiarism is a form of academic dishonesty that can be done intentionally or unintentionally. Intentional plagiarism is the deliberate presentation of another's work or ideas as one's own. *Unintentional plagiarism* is the inadvertent presentation of another's work or ideas without proper acknowledgment because of inadequate practices or lack of preparation. Plagiarism includes an exact copying of another's work, or a rewording, paraphrasing, partial quotation, or summarization of another's work without properly giving credit to the creator of the original work.

Examples include, but are not limited to, the following:

- Finding an article or an essay in a book, a magazine, a website, or any similar source and handing it in as one's own work.
- Getting ideas from an outside source and rephrasing them for use in one's own work without citing the source.
- Copying phrases, sections, paragraphs, or graphics without citing the source.
- Turning in a paper from a previous class or a concurrent class without permission from both teachers.
- Having one person write an assignment and another put his/her name on it.
- Having someone rewrite portions of an assignment and handing it in as one's own.
- Revamping someone else's work and handing it in as one's original work.
- Paying an individual or a service for work.
- Not contributing to a group project, and not informing the teacher, in an attempt to receive credit for work not completed by the individual.

Examples that are **not** plagiarism include, but are not limited to, the following:

- Having someone look over one's work for grammatical or mathematical errors.
- Having someone suggest improvements without composing the improvements himself or herself.
- Asking a teacher or other staff member for help.
- Quoting or borrowing ideas and giving credit to the originators.
- Using information that is common enough to appear in dictionaries or textbooks without being cited.
- Getting together with class members to discuss an assignment.
- Using images that are not copyrighted. (Check with your teacher regarding image use.)

Citing Sources

The ways to give credit for other people's research, words, or ideas are footnotes, endnotes, or parenthetical citations (APA, MLA, etc.). Most teachers at Jefferson have a specific system of citation which they require. Examples of how to cite are available in the library or from your teacher. Students who need to cite a source, or who suspect that they might need to cite, should consult the teacher who assigned the work or a librarian. When an incident occurs, the teacher will notify the student in person and the student will be given the opportunity to respond to the allegation. The teacher's professional judgment will be used to determine whether an infraction has occurred.

Disciplinary Action

1. First Offense – The classroom teacher will contact the student's parent/guardian, administrator, and school counselor. At the teacher's discretion, the teacher may issue a zero. They may also allow the student to redo the work. At the teacher's discretion, the student may receive a reduced grade worth up to 50% off the original value for the work redone. For instance, if the original value of the work is 100 points, the student may receive 50 points if done well. If the work is not completed or redone unsatisfactory, a zero may be given.
2. Second Offense (in the same class) – The cumulative grade for the nine-week period for the respective course will be lowered one full letter grade. The parent, school counselor, and administrator will be informed by the teacher and the student will also be referred to the athletic office for conduct unbecoming of an athlete and will face equitable co-curricular consequences.
 - a. If a student has multiple offenses in different classes, see point 4.

3. Third Offense (in the same class) – The student will be dropped from the respective course and fail the semester. The parent, school counselor, and administrator will be informed by the teacher and the student will also be referred to the athletic office for conduct unbecoming of an athlete and will face equitable co-curricular consequences.
4. A student who has two or more violations in separate courses will be referred to Administration for disciplinary action. The parent and school counselor will be informed and the student will also be referred to the athletic office for conduct unbecoming of an athlete.
 - a. If a violation occurs, the student’s eligibility for honor societies, athletics, activities, and academic awards will be reviewed.

OPEN CAMPUSES PRIVILEGE

All students are required to remain on campus for the entire school day. However, Juniors and Seniors may apply for open campus privilege, which would allow them to leave campus during the lunch period. Freshmen and Sophomores cannot leave campus during lunch. Juniors and Seniors can apply for open campus privilege if they have two of the following:

1. Earned a “B” or better in each class OR have a minimum of a 3.50 GPA
2. No behavioral referrals during the current/previous quarter.
3. Meets all attendance expectations.

Open Campus can be revoked if:

1. Students do not meet the criteria for open campus.

3. Experience any behavioral issue within our school or at a school event.
4. A direct violation of school rules during lunch.

Students that qualify will be given a pass that must be displayed on their student ID card. Without the ID card, the student cannot leave the campus. If off-campus without permission, students may be subject to Saturday School, suspensions, and possible referral to the Jefferson Police Department for a truancy citation.

CODE OF CONDUCT

Per Wisconsin Act 335 pursuant to Section 118.164, Wis. Statutes, the Jefferson School Board has met state compliance by adopting a student code of conduct. This code gives teachers an increase in authority to remove disorderly students from class. This code includes reasons for removal, procedures for appropriate alternative educational placement, and procedures for notifying parent/guardian. For specific questions please refer to the appropriate School Board Policy.

STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY POLICY (AUP)

The AUP document describes the general procedure covering the use of computing facilities that are under the direction of the School District of Jefferson (SDOJ). Computing facilities means any district-owned computing machinery, software related to teaching, learning, and research activities, and related facilities. While SDOJ may grant users the privilege of using its computing facilities, SDOJ continues to retain ownership and control of all computing facilities. Every user of computing resources is expected to understand and follow this procedure. Annually, the administration, faculty, and staff will share the computer acceptable use policy via google drive with all students. All users of our computers are expected to follow this policy. The School District of Jefferson has an instructional computer Acceptable Use Policy (AUP). All users of our computers are expected to follow this policy. Internet use is for academic purposes only.

Any student found in violation of any of these rules will be dealt with by loss of computer privileges, administrative action, and/or possible legal action. Please help make computer use a safe, fun, and instructional activity at JHS by following these rules, encouraging others to do so, and reporting any violations to a school employee.

- 1:1 Educational Technology – Each student will receive a Chromebook, and a specific Acceptable Use Policy Agreement to be read and signed.
- Personal devices will not be allowed to be brought or used during the school day. (Laptops, MacBooks, iPads, Tablets, etc.)

CONTROLLED SUBSTANCES

The possession, distribution, use or selling of alcohol, controlled substances or other drugs or controlled substance look-alikes, being under the influence of alcohol, controlled substances or other drugs, the possession of drug related paraphernalia, or the distribution or sale of prescription drugs on school premises, on school-sponsored transportation or at school-sponsored activities is prohibited.

The police department will always be contacted if the alleged conduct is reasonably understood as likely to constitute a violation of the law.

A student may be asked to submit to a breath test or other test to determine the presence of alcohol or other chemicals in a student's system. If a school official or law enforcement officer has reasonable suspicion that the student is under the influence of alcohol, THC, or other substances, they will be considered in violation of this policy. Such test shall be administered by a law enforcement officer, or trained administrator, and shall meet state law requirements. A student may be disciplined for refusing to submit to such a test.

While students violating this policy may be subject to school disciplinary action, including suspension and possible expulsion from school, the district shall also provide support in the form of information dissemination, guidance, and referral for treatment for students who show indications of a behavioral/medical problem associated with alcohol and other drug abuse.

DANCES

We want you to enjoy school dances. We also want parents of our students to know that dances are a wholesome source of recreation. All school dances are sponsored by a club or activity, approved by the building principal, and chaperoned by school personnel. If you're bringing a guest to the dance, a dance permission form needs to be filled out and returned to the main office two days before the dance. Police officers will be available if needed. You may be asked to submit to a breathalyzer test at the dance. All school rules apply to dances as well. Inappropriate music and dancing will not be permitted. Students are responsible for any personal items that are brought to the dance. Admission to dances will be allowed for the first hour of each dance. If you leave a dance early you will not be allowed readmission.

WEAPONS- Board Policy 5772

The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms (including, but not limited to, firearms as defined in 18 U.S.C. 921(a)(3)), guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives (subject to the exceptions below), razors with unguarded blades, clubs, electric weapons (as defined in 941.295(1c)(a), Wis. The student may also be subject to disciplinary action, up to and including expulsion. Policy exceptions include:

- A. weapons under the control of law enforcement personnel while on duty, or qualified former law enforcement officers, off duty law enforcement officers, or out-of-state law enforcement officers;

The report should include as much detail as possible concerning the person(s) involved, the weapon, the location of the person(s), and how this information was obtained. No student is to confront the person possessing the weapon, but a staff member has the option of confronting the person if the staff member believes the risk of injury to self or others is minimal or if immediate action is necessary to prevent injury to any person.

DETENTIONS

Before school, after school, and noon hour detentions may be assigned by either a classroom teacher or the school administrators. Additionally, Administration may assign after-school community service and/or a Saturday school detention. Saturday school is either a 2 hr or 4 hr detention served at the high school. The start time is 8 A.M. and is held twice a month.

DRESS CODE

(Per Board Policy 5511) Jefferson High School prides itself as being a place where students can enjoy their freedom to get involved in many activities, choose their classes of interest, and express their individuality. Although we respect a student's right to make these choices, we also need to set appropriate standards.

In light of recent trends in dress, we, as an educational institution, feel the need to establish a more specific dress code to limit the definition of clothing that is appropriate for our educational setting. As always, garments bearing offensive words or offensive slogans including references to alcohol, tobacco, drugs, gangs or sexual activity are not allowed. Hats and other headgear (other than for religious and/or medical purposes), such as visors, hoods, or bandannas/headbands on the forehead, are not to be worn in the school building. These items should be kept in your locker during the school day. This excludes; pony tail holders, hair clips, and hair accessories with the purpose of keeping hair out of students' eyes. Building Administrators will have the final decision-making authority in all matters related to the dress code.

The following additional guidelines have been established.

1. No bare midriffs, open-back shirts, halter tops, strapless shirts, spaghetti straps, or single strap shirts may be worn. All shirts must have straps that are at least 2 inches thick. All shirts must cover the back, stomach, and cleavage.
2. Very short mini-skirts, dresses, or shorts are not appropriate for school. Length of garment must be at or below longest finger with relaxed arms at your side.
3. Pants worn in such a way that undergarments are visible will not be allowed. Neither wallet nor hip chains should be worn at school.
4. No coats or blankets may be worn during the school day. In case of colder than usual classrooms, students should be prepared with appropriate clothing.
5. Gang-affiliated jewelry or dress of any kind will not be allowed.
6. No Articles of clothing or other apparel will be worn that would be deemed messages of hate, harassment of any manner that addresses another individual's race, sex, gender identity, gender expression, sexual orientation, ethnicity, religion, cultural observance, or socioeconomic environment.

We appreciate your support in helping to maintain a safe and effective educational environment at Jefferson High School. If you have any questions, please call the high school office at (920) 675-1100.

INTERVENTION PERIOD

INTERVENTION/ENRICHMENT PERIOD

Jefferson High School offers an intervention/enrichment period for 35 minutes at the end of each school day, with the exception of Wednesday when students report to homeroom. The purpose of the intervention/enrichment period is to offer additional help to students who need it and flexibility to those students who don't. Through our flexible schedule system, staff members are able to request students who they want to see for the week. Students meet with their homeroom teacher during their homeroom period to fill in the rest of their schedule. Students also have the ability to fill in their schedule beginning Tuesday at noon ending Wednesday's end of day. Seniors who qualify for senior privilege are allowed to leave during I/E period, which helps to keep our student-to-staff ratio manageable. Students then follow their schedule to receive the additional help and support they need from staff at JHS or participate in our many clubs or other activities offered.

STUDENT EXPECTATIONS

- Students are expected to be on time and attend intervention period daily, with the exception of seniors in good standing.
- Seniors in good standing are defined as those who are earning "C's" or better in all classes. Seniors who are not scheduled to be in the building during intervention/enrichment period need to sign up for senior privilege for attendance purposes. (Must have signed permission sheet on file.)
- Students will meet in homeroom on the first day of each week to develop an intervention/enrichment schedule for the remainder of the week.
- Staff members will request students by 12:50 pm on each I/E day.
- Any time a student is requested by multiple teachers it is the teacher's responsibility to communicate with each other and determine proper placement for the student. Homeroom teachers will help facilitate this discussion.
- Once a student signs up for an intervention period they are required to report to that classroom on the assigned day.
- A schedule will be electronically generated and sent to the student's school Gmail account. Students are responsible for checking their email to confirm their intervention/enrichment schedule for the week.
- Students who are absent on the first day of the week can still create their intervention/enrichment schedule by simply logging in and entering their selections.
- Students selecting the weight room/gymnasium activities as an option during intervention period are expected to change and participate in the planned activity.
- The intervention period is considered instructional time for students to complete work and receive teacher help as needed.

SENIOR RELEASE EXPECTATIONS IN REGARDS TO INTERVENTION PERIOD

- Seniors may leave campus at 2:30 on T, W, Th, and F.
- Seniors must stay Monday until 3:05 for Homeroom.
- If signed up to leave campus, the student MUST leave campus.
- Seniors under age 18 need a parent permission form signed and returned to the attendance office.
- Seniors must meet all attendance requirements.
- Earning all C's or better OR a current GPA of 3.5 or better.
- Teachers can still request students on senior release for intervention period. However, the teacher must give the students some notice that he/she is being requested.
- Students on senior release, who want to attend an intervention/enrichment period, must schedule this period through the system. Students are not allowed to show up for intervention/enrichment period without having been scheduled.

- Students must not be in the building during senior release time unless a pass has been written for them by a teacher, which then needs to be presented. The student is then the responsibility of that teacher and must remain under that staff member's direct supervision.
- Students who fail to follow their schedule may have their senior release rescinded.
- Failing to show up for a scheduled intervention/enrichment period will be treated as an unexcused absence.

HALL PASSES – Any student who is in the halls during classes must possess a hall pass (student handbook) given by the classroom teacher or an office.

Students are expected to go to each class equipped with the appropriate materials. Being prepared will prevent the need to be in the hall during class time. PHYSICAL DISPLAY OF AFFECTION

SCHEDULE

CORRECTING & CHANGING OF STUDENT SCHEDULES

Once the courses for the next school year have been selected, there will be limited opportunities to make schedule corrections. Changes to student schedules may be possible during posted times prior to the start of the next semester. The following are reasons that will be taken under consideration for requesting a schedule change:

1. A graduation requirement needs to be added due to a previous failed attempt.
2. A career plan/post-secondary requirement.
3. A class needs to be added/subtracted due to the ability level of the student. All legitimate changes need to be 1 week prior to the start of a semester. Schedule changes made after the first 10 days of school may result in an F.

REQUESTING TEACHERS

Due to the scheduling and staffing requirements involved in developing student schedules, requests to change teachers will not be honored unless extenuating circumstances are present. Administrative approval is required.

SPEAK UP – SPEAK OUT

The SPEAK UP, SPEAK OUT (SUSO) Resource Center is a comprehensive, one-stop place to turn with important school safety concerns. It offers a 24/7 threat reporting system, threat assessment consultation, critical incident response, and general school safety guidance. The program is supported by more than \$2 million in federal grant funding from the U.S. Department of Justice Bureau of Justice Assistance. SUSO uses "See Something, Say Something, Do Something" language and encourages students to look out for each other and for the community. SUSO strives to build safe communities by igniting empowerment, support, and protection and stresses that speaking up works and saves lives. Students, parents, school staff, or any community members can submit a school safety concern or threat via the [SUSO website: https://speakup.widj.gov/](https://speakup.widj.gov/), mobile phone application, or toll-free number: 1-800-697-8761. Resource Center staff work around-the-clock to respond to tips and to deploy a response locally by communicating directly with school administrators, law enforcement, and counselors.

STUDENT SAFETY & CONDUCT

The School District of Jefferson is committed to providing a high quality academic atmosphere. In order to assure the safety and security of students, employees, equipment, and facilities, JHS will employ the use of "search and seizure" by following state statute and school board policy.

LOCKER SEARCHES

School lockers are the property of the School District of Jefferson. At no time does the District relinquish its exclusive control of lockers provided for the convenience of students. Periodic general inspections of lockers may be conducted by school authorities for any reason, at any time, without student consent, and without a search warrant.

The School District of Jefferson does not assume responsibility for the loss, damage, or destruction of any property stored in the student lockers.

SEARCH OF STUDENTS

JHS recognizes that a safe, drug-free environment for students and staff provides the best learning environment. Whenever school authorities suspect a person may be in possession of something that may be a danger to themselves or others, a search of the person or the person's property will be conducted. This includes the person, lockers, bags/backpacks, purses, and vehicles on school property. **Please note: Searches under this policy may include the use of handheld metal-detecting devices commonly known as "wands."** At times, the school administration may also initiate searches by law enforcement dogs trained to detect the presence of illegal substances. These searches may occur at any time and without prior notice.

PARENTS & SCHOOL SAFETY

The safety and security of School District of Jefferson students and staff is of utmost importance. The district has a comprehensive crisis plan developed in cooperation with Jefferson County Sheriff's Department, City of Jefferson Police Department, and the City of Jefferson Fire and Rescue. The plan is reviewed and updated on an annual basis. Our schools also have well-established security measures for the safety of students and staff including: visitor check-in procedures, locked doors after the start of the school day, surveillance cameras, police liaison officer, bully reporting programs, see something-hear something-say something, and other preventative measures.

HOW CAN PARENTS HELP WITH SCHOOL SAFETY?

- Parents should keep their contact information up-to-date in PowerSchool, our student information system. If your phone number, email, or address changes, let us know.
- Encourage and support school safety, violence prevention and emergency preparedness programs within the schools.
- If requested, provide volunteer services for school emergency preparedness.
- Provide the school with requested information concerning emergency situations.
- Practice emergency preparedness in the home to reinforce school training and ensure family safety.

IN AN EMERGENCY

HOW CAN PARENTS AND GUARDIANS BE ASSURED THEY RECEIVE INFORMATION IN AN EMERGENCY?

Parents should keep their contact information up-to-date in PowerSchool, our student information system. In the case of an emergency, a phone message, email and text message will be sent to parents and guardians. If the school has a non-emergency situation that we believe parents should be informed about, the school will either send parents an email or phone notification.

HOW AND WHEN WILL I BE NOTIFIED IF THERE IS AN EMERGENCY AT MY CHILD'S SCHOOL?

The means and immediacy of communication will depend on the type of the event and on the potential or actual impact to the safety of the students. While it's difficult to describe all possible scenarios, the following can be used as a guide to gauge the district's level of notification and systems used to communicate with families:

IMPACT LEVEL

NOTIFICATION RESPONSE

<p>A Low Impact Incident poses no or minimal risk to the safety of the school. There are no disruptions to regular school activities, and the incident is an isolated one.</p> <p>Example: <i>Temporary power/services disruption</i></p>	<p>Email</p>
<p>A Moderate Impact Incident poses a moderate risk to the school. Results in some disruption to school.</p> <p>Example: <i>Gas leak, threat to the school, or potential threat to school</i></p>	<p>Email Phone Message</p>
<p>A High Impact Incident: The incident poses a significant risk to the safety of the students, which results in a significant disruption to school activities, change of schedule, evacuation, cancellation of activities and impacts many students.</p> <p>Example: <i>An intruder in school or the use of a weapon in school resulting in injuries to students or staff</i></p>	<p>Phone message Text message Email posted Message on school & district website Press release</p>

SHOULD I REPORT TO THE SCENE OF THE INCIDENT/EMERGENCY?

In the case of a high-impact emergency situation in a school or at a school-sponsored activity DO NOT respond to the school. Keep roads/lots clear for EMS responders.

Parents are encouraged to remain close to their sources of communication, phone or email, to ensure they are receiving accurate and timely updates on the emergency from district staff.

ONCE THE EMERGENCY IS DECLARED "OVER," WILL PARENTS BE ABLE TO REPORT TO THEIR CHILD'S SCHOOL?

When SDoJ communicates to parents that the school emergency has ended, direction will be provided on how and where parents will reunite with their child. Parents will be directed to a specific location that could be located off campus. It is important that parents follow these directions for the safety of all students, staff and parents.

Remember, a student can only be released to an adult that is documented as an emergency contact. If you are a non-custodial parent, you must be listed in the student information system with a relationship to the student that has mailing rights and show proper identification.

IF THE SCHOOL BUILDING IS EVACUATED, HOW WILL I BE ABLE TO LOCATE MY CHILD?

If an evacuation occurs during the school day, there is a possibility that the students will return to school and normal bus service will resume. The district will notify parents if an alternate reunification site will be used.

Please monitor your phone or email closely to ensure you receive updates on the emergency from district staff. Your child may text or email you about the evacuation before the district is able to notify you. Be aware that student texts and social media can cause confusion and further disrupt safety protocols. Remember, a student can only be released to an adult who is documented as an emergency contact. If you are a non-custodial parent, you must be listed with your child's emergency contact information as a guardian and show proper identification.

VENDING MACHINE REGULATIONS

1. There will be no beverages or beverage containers in the hallways, or other areas of the building, other than the cafeteria. Only water is allowed in the classrooms, study halls, etc.

4. Vending machines are on electronic timers during the school day.

SUSPENSION

IN-SCHOOL

When it is determined appropriate by the administration, the student will complete work in the in-school suspension area. Before being readmitted to classes and other school activities, the student must serve the assigned time in a manner acceptable to the administration. I. PHILOSOPHY

Co-curricular activities are an integral and valuable part of a student's educational experience, and the School District of Jefferson is committed to sponsoring a wide variety of such activities. While difficult to measure, the educational value of co-curricular participation is extensive. Such activities teach students the importance of hard work and the personal pride in accomplishments. Co-curricular activities at Jefferson are defined as those activities in which students appear, perform, and/or compete as representatives of Jefferson High School. Participation in these activities is a privilege, and therefore there is a higher standard for behavior for those students who choose to participate. - B. All incoming students who transfer to Jefferson High School at the beginning of the school year or at any point during the school year are held to all JHS eligibility requirements. All incoming students must also meet all WIAA eligibility requirements.
- C. If a student drops a class with an "F" during the previous grading period he/she will need administrative approval to participate in the upcoming sport.
- D. Any student who earned two or more "F" grades for the previous grading period will be ineligible for the next 9-week grading period.
- E. Any student who earned one "F" and/or who earned below a 1.75 GPA for the previous grading period may continue to practice but is ineligible for competition for a minimum of 10 calendar days. After 10 calendar days have passed since the grades were posted, the athletic director will evaluate current grades to determine if the student is earning a minimum of a 1.75 GPA and has no failing grades. If that status is achieved, the student will be eligible for the remainder of the grading period. If that status is not achieved, the student is ineligible for the remainder of the grading period and may not practice or compete during that time.
- F. In all academic ineligibility consequences, students will miss a

minimum of two contests even if those two contests fall outside of the 10-calendar day period

VI. CODE OF CONDUCT/TRAINING RULES

It is without question that top performance comes from individuals who prepare themselves mentally and physically to the best of their abilities. It is reasonable to assume that individual students should take care of their bodies in such a manner that should allow them to perform at peak efficiency at all times. It has been substantially documented that certain substances, namely alcohol, tobacco, and controlled substances, can be detrimental to performance, general health and emotional well-being. Abstinence from these substances, along with good moral decisions regarding behavior, conduct, and attitude, can enhance the mental and the physical performance of all individuals. Adherence to these expectations is a matter of individual self-discipline. The following types of conduct are determined to be violations of the Jefferson High School Co-Curricular Code. Violations of the Co-curricular Code are monitored 12 months out of the year, and they are cumulative throughout the student's 9-12 educational experience. Students who violate this Code of Conduct may be suspended from games, practices and/or performances/activities. By choosing to participate in athletics, the student-athlete is choosing to follow this code of conduct. That choice should especially reflect the character traits of honesty, responsibility, and courage in the choices that they make during their athletic career.

A. CLASS I VIOLATIONS AND CONSEQUENCES

If a student is arrested and charged for a violation(s) of criminal state statutes, the athletic director and high school administration will determine if the illegal act was/is serious enough to warrant Class I violation consequences. Examples of such violations would include felonies, such as sexual assault, drug trafficking and/or selling, child enticement, burglary, theft, armed robbery, assault with a weapon, etc. Any student charged and/or convicted of a felony shall, upon the filing of felony charges, become ineligible for all further participation until the student has paid his/her debt to society and the courts consider the sentence served (including probation, community service, etc.). The student may be denied the privilege of participating in athletic activities for the remainder of his/her high school career (up to the age of 21) at a maximum. At a minimum, the violator shall be denied participation for 12 months.

B. CLASS II VIOLATIONS

1. Selling, Distributing, Possessing, Consuming, or Using: Alcohol, illicit drugs, controlled substances, drug paraphernalia, illegal controlled substance look-alikes, tobacco and/or nicotine, in any form, vaporizing products, e-cigarette devices, misuse of prescription drugs, anabolic steroids or other illegal performance enhancing drugs.
2. Illegal Actions as defined by law enforcement authorities that result in circumstances that the high school administration would deem to be unbecoming of a student-athlete.

C. CLASS II CONSEQUENCES

Upon the determination of a Class II violation of the athletic code the student-athlete will be subject to the following consequences.

1. Violation #1 during high school athletic career:
The student-athlete will be suspended from $\frac{1}{3}$ of the regularly scheduled contests for the sport they are currently participating in or the next season they choose to participate in. The number of contests, when determined, will be served in consecutive order, including WIAA playoff games or the beginning of the next season if the suspension is not completed during the current season. The student-athlete will be allowed to practice during this suspension.
2. Violation #2 during high school athletic career:
The student-athlete will be suspended from $\frac{2}{3}$ of the regularly scheduled contests for the sport they are currently participating in or the next season they choose to participate in. The number of contests, when determined, will be served in consecutive order, including WIAA playoff games or the beginning of the next season if the suspension is not completed during the current season. The student-athlete will be allowed to practice during this suspension

3. Violation #3 during high school athletic career:
The student-athlete will be suspended from all athletic participation for one calendar year commencing with the date contained in the letter of suspension. The student- athlete will not be allowed to be a member of any athletic team during this time.
4. Violation #4 during high school athletic career:
The student-athlete will forfeit all remaining athletic participation opportunities at Jefferson High School.

D. GUILT BY ASSOCIATION VIOLATION AND CONSEQUENCE

In cases where the student-athlete has been deemed by high school administration to have exceeded a reasonable time frame for removing themselves from the presence of activities prohibited in Class II, the consequence will be suspension from athletic contests at a level of up to $\frac{1}{3}$ of regularly scheduled contests. The determination of the length of the suspension will be made by high school administration on a case by case basis.

VII. CONDUCT UNBECOMING

In cases where the student has participated in activities which are deemed to be severe enough to be judged as detrimental to the individual reputation and collective reputations of all JHS students, the program, and community, the following consequence is applied:

High School administration retains the authority to determine the severity of the unbecoming behavior. Upon determining the severity, consequences may include one of the following:

1. Zero athletic suspension
2. A specific number of contests
3. Class II consequences equivalent to Violation 1
(Suspended for $\frac{1}{3}$ of current or next season)
4. Class II consequences equivalent to Violation 2
(Suspended for $\frac{2}{3}$ of current or next season)
5. Class II consequences equivalent to Violation 3
(Suspended for one calendar year)

Each case will be judged independently by high school administration and any decision will reflect the severity, repetitiveness, and intention of the unbecoming conduct. These cases will not necessarily always be increasing in consequences—each case will be evaluated on current facts and previous actions taken. Some examples of unbecoming conduct are:

Bullying / harassment, hazing, Inappropriate/offensive use of social media, insubordination/disrespect of faculty/staff, repeated school rule violations (i.e. cheating, profanity, vandalism), lying to school administration, offenses resulting in out-of-school suspensions. These are only examples of behavior that demonstrate conduct unbecoming of an athlete. This is not an exclusive or exhaustive list of these types of offenses.

VIII. PROCESS FOR DETERMINING VIOLATIONS OF THE CO-CURRICULAR CODE

Mandatory Reporters Professionally, it is all SDoJ employee's responsibility to report to the administration any co-curricular participant who is violating the code.

A student reported for a violation of the Code of Conduct Rules shall have a fair hearing and the following process shall be used:

- A. Violations of the co-curricular code are to be reported to the athletic director and/or administration within 60 days of the alleged incident. The administration and/or athletic director will conduct an investigation and meet with the student in person within 15 school days to determine the validity of the violation and the consequence, if necessary. Incidents outside of this timeline will be dealt with

at the discretion of the administration for Class I and Class II violations. The more severe the violation, the more likely investigation and consequences shall result.

- B. The student shall be informed he/she is in violation and the consequences, if necessary.
- C. The parent/guardian shall be contacted by phone and/or in person.
- D. A written record of the incident shall be made and kept on file at school.
- E. A letter explaining the violation and the consequences shall be sent home and kept on file at school.

IX. APPEALS PROCESS

A student or the student's parent/guardian may appeal the determination of the administration that a violation of the co-curricular code has occurred or the proper suspension process was not followed. (sec. VIII)

The appeal will not deal with the amount or length of penalties applied. An appeal request form must be submitted to the administration/athletic director by 3:00 p.m. on the third school day subsequent to receipt by the student/parent/guardian of written notice of the violation. An appeals board made up of the following 3 members will hear the appeal:

- A. One coach who coaches outside of the season for which the penalty is in question.
- B. One counselor or teacher who has not been involved in the investigative process of the alleged violation selected by the high school principal.
- C. One School District of Jefferson administrator, or school board member.

The high school principal shall chair the appeals board as a non-voting member. The ruling of the appeals board will prevail. The ruling of the appeals board will be read orally at the conclusion of the appeals hearing and shall be confirmed by letter addressed to the student and the student's parent or legal guardian and to the building principal. At the appeals hearing, the athletic director or designee shall be provided with an opportunity to describe the evidence that forms the basis for the determination that a code violation was committed. The student and the student's parent/guardian will be provided an opportunity to explain the basis for the appeal. Each side will then be provided with an opportunity to rebut the position of the other. If, at any time during the appeal hearing, new information is provided that was not available to the administration before the violation was determined, the building administrator will be given an opportunity to state whether or not he/she wishes to change the determination. The decision of the hearing board to the appeal shall be final.

X. ADDITIONAL RULES BY CO-CURRICULAR

Students are expected to follow all rules established by their coach/advisor and approved by the athletic director/associate principal accordingly. Coaches/advisors reserve the right to write their own team rules and policies relevant to their co-curricular. The team must, however, follow the school policies in this document regarding eligibility and code violations.

XI. TRANSPORTATION

Students must travel with the team/club on a school-authorized vehicle to and from contests, practices, etc. that require transportation. The Athletic Travel Release form should be signed by parent and returned to school the day before an event if the student is to ride home with the parent. If a parent/guardian is present at the contest, the student may ride home with his/her parent/guardian provided the parent/guardian gives a written statement directly to the coach in charge before departure from the contest. Students are not allowed to ride with someone other than their own parent/guardian unless previous approval has been received and granted from the principal or designee.

ADMINISTRATIVE RIGHT TO ADJUST

The administration has the right to change/adjust any and all policies in this handbook if the administration feels it is necessary.

CASES NOT COVERED BY SPECIFIC RULES

It is understood that the rules contained in this handbook are not all inclusive. The administration and teachers may take such action as is necessary and not forbidden by law to ensure the orderly conduct of the school. Action may be taken with respect to any offense which interferes with the orderly conduct of the school or which affects the safety and welfare of students either individually or collectively, regardless of the existence or non-existence of a rule covering the offense. School rules apply to all students enrolled regardless of age.

Co-Curricular Clubs & Athletics

Jefferson High School Chromebook Handbook

The School District of Jefferson will supply students with a Chromebook device. This device is property of the School District of Jefferson. The function of the supplied instructional device is to provide each student access to required educational materials needed to be successful. The supplied device is an educational tool not intended for personal use such as gaming, social networking or high end computing.

The Chromebook initiative is more than simply putting devices into the hands of students. Common sense, experience, and research all point to the same conclusion -- simply placing technology in the hands of students or teachers will have no positive impact on student achievement. Technology does not teach kids -- highly skilled teachers do. By providing a Chromebook device to students, the School District of Jefferson's goals include the following:

Improve Student Achievement: By using high-leverage instructional strategies that are research-based and that incorporate technology tools to enhance the curriculum, student learning outcomes will improve.

Personalize Learning: Providing opportunities for students to meaningfully engage with content and topics of interest, individualizing the ways in which students demonstrate learning, customizing the delivery times and methods to meet the needs and strengths of each learner, and offering learning opportunities that students identify as meaningful and authentic, we will capture students' interest and engage them in the process of learning.

Develop 21st Century Skills: We will work to grow critical 21st Century Skills including digital literacy, problem solving, collaboration, communication, creativity, and global connectedness in order to prepare them for a successful future.

Provide Equity of Access: We will provide all students access to technology tools and educational resources.

1. RECEIVING YOUR COMPUTER

Chromebooks will be distributed at the start of a student's freshman school year or at the time of enrollment. Parents/Guardians MUST acknowledge the SDoJ Chromebook Agreement document via school registration before the Chromebook can go home with their enrolled student. Students will sign a Chromebook Agreement acknowledging their receipt of their Chromebook and indicating the Asset Tag number on the device. The Chromebook Handbook outlines the procedures and policies for families to protect the Chromebook investment for the School District of Jefferson. Students will retain their original Chromebook each year while enrolled at Jefferson High School. Students will maintain possession and care for their Chromebook during the summer months.

1a: STUDENT CHROMEBOOKS

- SDoJ Chromebooks, even though they are assigned to specific students, do not rescind the SDoJ's right to inspect the Chromebook at any time.
- If a parent/guardian chooses not to sign and return the agreement, the student will not be able to remove the Chromebook from school. The Chromebook will be assigned to the student; however, the student will only be allowed to check it out at school to use for school purposes.
- All students will be expected to follow the terms of the Chromebook handbook while using any school issued device.

2. RETURNING YOUR CHROMEBOOK

All district owned Chromebooks must be returned following the guidelines posted in respective buildings.
