

# Jefferson High School Basic Supply list

The high school does **not** have a set supply list because students choose a variety of classes. The items on the list below are **not** required but can be used as a general idea of the basic items high school students use. In general, we tell students to look at their schedule and have a notebook and folder for each class along with pens and pencils to start out. If they are enrolled in a class that requires a certain item (like a calculator or binder) their teachers will let them know during the first week of school.
