

## SUPERINTENDENT'S OUTSIDE EMPLOYMENT OR CONSULTING ACTIVITIES

The Board expects the Superintendent to devote his/her undiminished attention and energy to the concerns of the district. He/she may not be engaged in any other employment or long-term consulting assignments. However, the Board recognizes the Superintendent's obligation to contribute to the profession of school administration and to the cause of public education generally. This policy, therefore, does not prohibit the Superintendent from undertaking occasional consultative work that does not conflict with obligations to the district. Any such task that requires the Superintendent's absence for a total of two or more days must have prior approval of the Board. Such days are to be considered part of the Superintendent's normal paid vacation time.
