

## **ACCOMMODATING PURCHASES**

The Board prohibits accommodating purchases for any reason. For the purpose of this policy, accommodating purchases are defined as any purchase of supplies, equipment or services made for an individual in the name of the School District of Jefferson. Accommodating purchases might be made in order to take advantage of school pricing or to avoid payment of sales tax.

This policy is designed to protect the district's status as a tax-exempt organization.
