SUBJECT: Community Invitation: October 24th SDoJ High School Project Completion
Celebration and Ribbon Cutting
DATE: October 1, 2024

FOR IMMEDIATE RELEASE

School District of Jefferson to Hold High School Project Completion Celebration and Ribbon Cutting Event October 24th

The School District of Jefferson would like to invite the community to a special event celebrating the work that has been completed on the district's high school capital referendum projects. **Join us on October 24th at 5:00 p.m.** for a ribbon cutting to celebrate our high school technology education and agriculture area renovation and addition.

The event will kick off with a ceremony outside of the new skills lab addition at the back of the high school building at 700 West Milwaukee Street. Following the ceremony, attendees will have the opportunity to tour each of the renovated areas in the building, explore the improvements, and see firsthand the positive changes and opportunities made possible through the referendum projects.

All are welcome! The School District of Jefferson extends an invitation to all community members to join us in this celebration. The district is proud of the work completed thus far as part of the 2022 Capital Facilities Referendum and invites students, staff, and the community to explore our renovated spaces. This event is an opportunity to celebrate the collaborative effort that made these improvements possible. We will also be holding our regular Board Meeting on October 28th in the Auditorium so the community will have an opportunity to see the improvements in that space.

"We are excited to thank our community for their support and share the results of their investment in our schools," said Charles Urness, School District of Jefferson Superintendent. "We look forward to celebrating these enhancements that will offer our students a significantly enhanced and safer educational environment."
