Credits Required by Districts - Average	0.1	0.1	0	0.1	9.9	10.3	24.8

High School Completion - Legacy Rates (by age 21)

Beginning in 2009-10, the Wisconsin Department of Public Instruction (DPI) began reporting high school completion rates using the adjusted cohort rate formula. Adjusted cohort rates provide information about the number and percentage of students who earn a high school completion credential within a amount of time (four, five, or six years). DPI reported legacy high school completion rates through 2011-12. Legacy rates provided information about the number and percentage of students who earned a high school completion credential by age 21 in any given year. The School District Performance Report only reports legacy rates. **Please visit the WISEdash Public Portal to view adjusted cohort high school completion rates.** <http://wisedash.dpi.wi.gov/Dashboard/Page/Home/Topic%20Area/Graduation/>

Postgraduation Plans

2015-16 data not yet available.

DPI implemented a new staff reporting system for the 2014-2015 school year. As with any new data system implementation, data reported through the system for both the 2014-2015 and the 2015-2016 carry a data cautionary advisory. DPI is working to improve data quality and going forward data users can expect to see continual improvement in data quality. This year's The 2016-2017 collection marks good progress towards improved data quality as enhancements to data validations and data review methods have been implemented into the WISEStaff data collection. For district submitted corrections to this information please see the [Data Errata after DPI Publication Page](#).

Data Disclaimer

The Department of Public Instruction (DPI) has made a reasonable effort to ensure that the attached data/records are up-to-date, accurate, complete, and comprehensive at the time of disclosure. These records reflect data as reported to this agency by the educational community we serve for the reporting period indicated. These records are a true and accurate representation of the data on file at the DPI. Authenticated information is accurate only as of the time of validation and verification. The DPI is not responsible for data that is misinterpreted or altered in any way. Derived conclusions and analyses generated from this data are not to be considered attributable to the DPI. Willful intent to alter and intentional tampering with public records is punishable under s. 946.72, Wis. Stats. Offenses against computer data and programs are punishable under s. 943.70 (2), Wis. Stats.
